

# Alexander Mannoia

## Designer & Programmer

I’m motivated to apply the professional and academic experience I’ve obtained to a prosperous career in front-end software development.

### My Info.

-  (951) 288-8518
-  alex.mannoia@gmail.com
-  [https://manhathaway.github.io/my\\_portfolio](https://manhathaway.github.io/my_portfolio)
-  Riverside, CA

### Education

-  **University of California, San Diego**  
**2018 - 2021**
  - Bachelor's of Science in Cognitive Science, Specialization in Machine Learning & Neural Computation
  - Minor in Design

### Work Experience

-  **Amazon XL Fulfillment Center ▶ Warehouse Associate**  
**2022 -**
  - Operate various powered industrial trucks (PITs) in order to transport large packages as instructed.
  - Transport large packages from totes/crates onto trailers in preparation for the next stage of customer delivery.
  - Palletize large packages using shrink wrap and transport pallets onto trailers with the use of pallet jacks.
  - Ensure quality control and safety by thoroughly checking packages and work equipment for damage/defects.
  - Utilize devices (scanners and computers) in order to follow instructions/protocol as well as track/update the location of large packages that are transported.
-  **Quality Mobile Home Services ▶ CRM Administrator**  
**2016 - 2018**
  - Introduced a CRM system to digitalize all documentation from every business contract made between QMHS and its customers.
  - Contributed to the CRM by creating profiles for each customer, as well as scanning and uploading all physical documentation to the corresponding profiles on the CRM database.
  - Trained other employees (telemarketers, accountants, and salesmen) how to access and navigate the CRM.
-  **Zagara Italian Eatery ▶ Dishwasher, Inventory Maintenance**  
**2013 - 2015**
  - Sanitized dishes and cookware as needed.
  - Restocked dishes and cookware for reuse by other employees.
  - Assisted other employees in completing routine tasks (mopping, trash disposal, table preparation, appliance maintenance and preparation).
  - Assisted in restocking ingredients into the inventory as delivered from suppliers.
  - Maintained the organization of the inventory, cookware, and dishes.
  - Routinely checked the inventory for tarnished ingredients.

### Skills & Traits

-  **Figma Design Software**
-  **HTML & CSS Languages**
-  **JavaScript Language & Frameworks**
-  Cooperative
-  Solution-Oriented
-  Logical & Objective
-  Analytical
-  Precise
-  Disciplined

### Interests

-  **Neuroscience**
-  **Data Science & Machine Learning**
-  **UI/UX, Product, & Graphic Design**
-  **Computer Science, Building, & Troubleshooting**
-  **Motorsports & Automobiles**
-  **Piloting & Aviation**
