Riverside, CA

Education

University of California, San Diego

2018 - 2021

- Bachelors of Science in Cognitive Science, Specialization in Machine Learning & Neural Computation
- Minor in Design

Work Experience

HeyDay Events ▶ Stagehand

2023 -

- Assemble, maintain, and disassemble physical support structures for local events, festivals, and concerts.
- Assist in both setting up and tearing down audio, video, and lighting equipment.
- Offer support to employees, performers, and event managers in both adjusting and retrieving equipment.
- Promptly troubleshoot any potential equipment-related issues which may arise throughout the duration of the events.

Amazon XL Fulfillment Center ▶ Warehouse Associate

2022 - 2023

- Operated various powered industrial trucks (PITs) in order to transport large packages as instructed.
- Transported large packages from totes/crates onto trailers in preparation for the next stage of customer delivery.
- Palletized large packages using shrink wrap and transport pallets onto trailers with the use of pallet jacks.
- Ensured quality control and safety by thoroughly checking packages and work equipment for damage/defects.
- Utilized devices (scanners and computers) in order to follow instructions/protocol as well as track/update the location of large packages that are transported.

Quality Mobile Home Services ▶ CRM Administrator, Technical Support

2016 - 2018

- Introduced a CRM system to digitalize all documentation from every business contract made between QMHS and its customers.
- Contributed to the CRM by creating profiles for each customer, as well as scanning and uploading all physical documentation to the corresponding profiles on the CRM database.
- Trained other employees (telemarketers, accountants, and salesmen) how to access and navigate the CRM.
- Initialized, and provided maintenance to, the office's devices (computers, printers, and scanners).
- Provided troubleshooting for employees that encountered any technical difficulties involving their devices.

Skills & Traits

Programming Experience

HTML, CSS, JavaScript & Python

Design Experience

UI/UX, Product & Graphic Design via Figma

Data Management

SQL, Microsoft Office & CRM Databases

Computer Servicing & Repairs

Hardware & OS Maintenance/Troubleshooting

Powered Industrial Equipment Operation

Order Pickers, Reach Trucks & Clamp Trucks

Stage Equipment Assembly/Disassembly

Audio, Video, Lighting & Support Structures

Cooperative

Solution-Oriented

Logical & Objective

Analytical

Precise

Disciplined

Interests

Neuroscience

Data Science & Machine Learning

Web Development & Design

Hiking, Mountain Biking & Weightlifting

Motorsports & Automobiles

Piloting & Aviation
